PLANS FOR 100 YEAR TIME CAPSULE CONTINUE

by LARRY L. O'KELLEY

The Huron Township Historical Society is continuing to gear up for the time capsule burial scheduled for the third annual Historical Day.

The time capsule idea was conceived over a year ago when the Society decided to gather articles, photos and items from the year 2000 and bury it in a capsule for 100 years.

They have developed a long list of items ranging from a copy of TV Guide to a sample of the tap water that we drink. All the items will be enclosed in a properly sealed 50-gallon drum and buried in front of the Samuel Adams Historical Home.

If all goes well, the residents of our community will uncover and open the capsule in 100 years and study the artifacts we stored as mod-

NEW DIRECTOR OF PLANNING AND ZONING ADDRESSES TOWNSHIP BOARD

by KIMBERLY BLAKER

The July 12, Huron Township Board Meeting was a long one — three hours to be exact. Clerk Dawnette Bowers brought up concern over developers who are not fulfilling their promises and meeting Township requirements and made a motion to send out letters on several ordinance violations.

The Township's new Director of Planning and Zoning, Leslie Meyers, informed the Board that she had found a number of deficiencies in the Whispering Willows subdivision.

Treasurer Jarrod Barron responded, "This is probably

just one problem we have in the area with respect to developers in this Township. I agree wholeheartedly." Barron also mentioned problems with the storm drain in Winding Creek. "I think it's time that we start to set a standard in this community. There are a lot of developers salivating over the money to be made in this community."

Meyers said that in other communities, a bond is usually required of developers. However, Board Attorney Richard James expressed concern with the legality of requiring a bond.

Meyers then updated the Board on what she's been doing since her recent hiring.

She also mentioned she has found a lack of certificate of occupancies throughout the Township.

Meyers expressed concern that the majority of the Township's fees are low and that if developers are going to make money off this community, they should at least by paying fees comparative to other areas.

Next Meyers plans to attack the procedure manual. She announced, "No matter who you are or what you're doing, you must follow the rules."

After hearing Meyers' energetic report, Trustee Nora Adkins remarked, "Meyers is on the ball." Then Adkins

made a motion to give Meyers the authority to stop work that is not meeting Township criteria. Adkins pointed out that it is useless to have to wait for a month for a Board approval to stop work on something that is in violation.

However, Trustee John McKinney responded, "I don't know that the development director should have the authority. She's not the enforcer." McKinney also expressed concern over giving that much authority to a new employee and reminded the Board of the Township's Site Plan Process. However, Adkins' motion was passed

ZAVODSKY TAKES A TURN AT THE WHEEL — OF A THUNDERBIRD F16

by KIMBERLY BLAKER

Professional racecar driver Audrey Zavodsky was flying high on July 3 when she took flight in a United States Air Force Thunderbird F16 Fighter Pilot Jet.

The one-hour flight took off at 7:30 p.m. in Battle Creek, Michigan. After watching the Thunderbirds practice for the air show that would take place on July 4 and 5, the seven fighter jets landed, and Zavodsky took her turn in the back of the two-seater jet. She exclaimed, "They even had my name in the cockpit."

Shortly into the flight, Zavodsky's pilot, Major Ken Edwards, offered her the opportunity to drive for 10 minutes. "At first," Zavodsky said, "I was a little reluctant

because I didn't know how much movement there was in the control." Nevertheless, Zavodsky accepted the challenge explaining, "The pilot coached me very well, and within a matter of seconds, I was very comfortable."

Zavodsky described the experience with excitement, "It's just amazing the power it has. It makes racing seem minute." She was very impressed with the maneuverability and quick response time of the F16.

The F16, which is used for precision flying, with five jets flying only 18 inches apart requires a perfect team, explained Zavodsky.

Zavodsky now proudly wears the 9G pin she earned

BARBQUE

Barbecued chicken is so passe, right? Wrong. To get a new and exciting taste is as easy as marinade.

If you marinate your chicken before you go to bed at night or before you go to work in the morning it will be ready to throw on the grill when you get home.

Tip of the Week: When marinating seafood don't go over two hours because the acidity in the marinade will begin to cook it.

BELLEVILLE FARMER'S MARKET

The City of Belleville has announced special activities for the Belleville Farmer's Market. On Saturday, September 9, a master gardener will give demonstrations and answer questions about gardening.

In addition, there will be one baking contest each month with prizes for first, second and third place winners. Each

contest has a theme:

August 19, Bread, muffin and roll recipes using vegetables.

September 23, Baked pie recipes using fruits.

October 21, All types of baking recipes using pumpkin.

The baking contests have a few simple rules:

Contestants must provide one uncut loaf of bread, one uncut pie or six rolls, muffins, cookies, etc. Entries must be in sealed bags or plastic wrap, with no label or identification of the contestant.

Entries must be turned over to the Market Supervisor no later than 10 a.m. on the day of the contest. Each contestant will fill out a form and be assigned a number which will be placed on the entry so the judges will not know who the

contestants are during the judging process.

Winners will be announced at the end of the judging (before the Market closes), and winners will not be required to be present to receive their awards.

If a large number of a single type of entry are received, the judging may be divided into two or more categories. This will be decided by the Market Supervisor at the entry deadline.

The Belleville Farmer's Market operates from 7 a.m. to noon on Saturdays through October 28, in the Fourth Street parking lot behind the Belleville Historical Museum. Market shoppers will also be able to check out the values at the sidewalk sale displays along Main Street.

with McKinney opposing.

During public participation, another issue of concern was brought to the Board's attention. Mary Lou Carey, who is running for Trustee, reprimanded the Board for their bill paying procedure saying, "You are spending thousands of dollars each month, and the peo-

ple of this township have no idea who, what, or why you are doing so." Then she informed the Board, "The proper way to approve the payment of bills may be a little more time consuming, but more informative to everyone and legal."

Carey, who was previously the Township Clerk, threw a

number of questions at the Board regarding the budget. Then she asked, "When and how is this [bill paying] handled by the Board? Or is it now just done by the computer at the direction of the Supervisor or his assistant?"

Later in the meeting, McKinney recommended to

the Board that bills be paid in an open manner. McKinney also revealed, "I have no idea if the budget is in balance."

Also during public participation, Larry O'Kelley, who is also running for Trustee, announced, "The Board knows that Margaret [O'Kelley]

wants *The Huron River Weekly* to be the Township's legal paper. Personally, I don't care ... But if it is, I'm going to donate back to the community every dollar she makes from the Township, by donating a matching amount to the Historical Commission."

ern-day items back in the year 2000.

The site will be sealed with a cement foundation and a plaque commemorating the day and instructions to open in 100 years.

Currently the Society is looking for a creative writer to write a welcome to the future residents. The welcome would include a description of our community, who we were as a people and predict what the world would be like in 100 years. It probably would be the most important piece in the time capsule. We are hoping somebody will step forward and take on this honor.

The Society is also looking for patrons to help with the cost of the project. Your name will be added on a Patron's List and enclosed in the capsule.

We hope to include a school yearbook, video tapes and other available information from the graduation class of 2000. We hope to include information on our school and Township leaders as well as the results as the Township primary held on August 8th.

The Society is looking for the oldest and the youngest resident of our community as of August 1st. The Society is looking for a family willing to donate their family bible billed with their family history. Can you imagine the surprise and delight of a future relative reading your bible and family history?

The capsule will be on display at the Third Annual Historical Day. This is the day that is set aside by the community to honor our past, celebrate our present and contemplate our future. We are looking for volunteers to "man" street corners and secure donations in exchange for our "Ye Olde Newspaper" that is turning out to be a keepsake each

year. Volunteers are encouraged to dress in some sort of period dress.

Later, the citizens will gather at the Historical House for food, drink, entertainment and remembrances. Please come and join us.

Finally, the capsule will be a lasting reminder of who we were and the individuals that will be mentioned may be a

source of joy to some future relative. If you wish to donate or provide us with some needed assistance please call us. Our list — the living list, changes every day. If you have an idea please call us at 734-753-4838 or drop us a line at Huron Township Historical Society, P.O. Box 38, New Boston, MI 48164.

See you September 9th.

Gemini May 22 - June 21

Feel like life at roulette table. Make sure you know who is spinning the wheel. But place all bets on self. Find any ripe peaches lately? Don't forget to add creme. Or ice cream or make pie. *Lucky #396.*

Cancer June 22 - July 23

Done any shopping lately? See those prices. Can't afford not to work. Grandparents to the rescue once again. Ask and you may receive. May cost you a hug and a kiss. Lost friend returns home. *Lucky #663.*

for taking the flight. She explained that 9G refers to the forces of gravity which make your body weight nine times heavier than it is on earth. Zavodsky remarked that your head feels like it weighs 100 pounds.

This once-in-a-lifetime opportunity arose for Zavodsky last year while she was racing
